

Clubline Series

The Steelflex Clubline Series helps operators of a wide range of facilities from hotels to community centres to optimize the utility of floor size within the budget.

The pleasant and inviting design creates the approachable environment in the facilities while the ease of use accommodates wide range of exercisers to have the right fit comfortably.

CL2TH

Outer / Inner Thigh

The Clubline Outer / Inner Thigh is just perfect to strengthen the outer and inner thigh muscles while toning and slimming the legs especially ideal for lady that store most fat in the inner and outer thigh area. The switching of inner and outer thigh exercises can be done at seated-position easily and quick by the conveniently located handle and the swiveling thigh pads.

The big foot platforms provide support and encourage proper alignment during exercises. The large seat, back and thigh pads bring the highest comfortable exercise experience.
