

## HLE200 & HLE200B Leg Extension

**Our Leg Extension will help you focus on your leg workout. Easy and sample.**

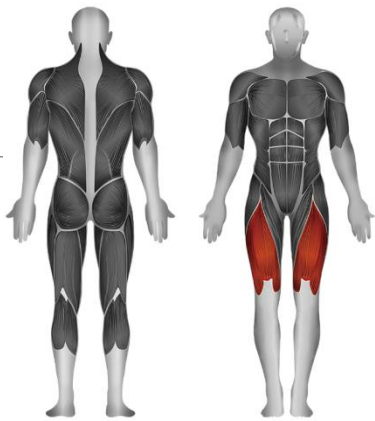

The latissimus dorsi and biceps development.  
Rotating handles with independent diverging movement arms are designed with ergonomics, which provides a natural, fluid motion when working the lat pull-down.  
Features multiple functionalities that effectively build the arm, back, and shoulder in one machine. Foot braces with knee pads support body alignment.

HLE200 & HLE200B

New function of high and low pull in one piece of equipment. The low-pull-handgrip allows steadier pull-back movements. (HLE200B)
