

WORKOUT TODAY

YOU ARE MUCH STRONGER
THAN YOU THINK

Level up your strength game with the **Steelflex Plateloaded** Squat Rack! This powerhouse machine targets your glutes, hamstrings, and quads, helping you build a strong and sculpted lower body.

Why choose this rack **PLSS** ?

1. **Stand-up design**: Allows for a more natural movement pattern and increased stability.
2. **Durable construction**: Built to last with heavy-gauge steel and a powder-coated finish.
3. **Versatile**: Perfect for squats, lunges, overhead presses, and more.
4. **Commercial-grade quality**: Suitable for both home and gym use.

Don't miss out on this must-have piece of equipment for your fitness journey. Contact our distributors today to learn more and order yours!
